

Hybrid Band...how it works from the student perspective

Each student should only be looking at the description that matches their enrollment status to have an idea of how their day will work related to Band. Refer to the Hybrid Bell Schedule to know which day and at what time you have your Band class.

In-person **AM** Students (mostly A-L last name)

- *At School...*You attend school in-person from 7:45-11:00 am
- Bring your instrument to school on the day you have your Band class
- Take your instrument, Band mask (winds), and music and go to your assigned space/seat in the band Room
- Participate in class rehearsal
- Staggered release at the end of class to put stuff away in Band locker
- Remain in the hall or locker area (socially distanced) while room is being prepped for the next class.
- Get your instrument from your locker at the end of your “at school” time and **take it home** (not optional)
- **BREAK/LUNCH 11:00-11:45 am**

Remote Students (at home for all classes for first semester by choice)

- You are at home for everything related to your Band class.
- We are going to have you operate in “parallel” to the In-person AM students. Both band directors are available in the morning, so it will be easier for us to manage more students participating through Zoom at that time.
- At the assigned morning class time for your Band class, sign in to the Zoom meeting as you did for online school. You will need to have your instrument ready to play and you will participate “virtually” in the rehearsal with the In-person AM students (play when they play, you may be asked to play individually, ask questions, etc.)
